

Let's start talking about type 2 diabetes

With Menzies School of Health Research

We are looking for Keen Young People who are interested in type 2 diabetes

To help design ways of supporting young people with type 2.

How can you help?

If you are an Aboriginal or Torres Strait Islander person aged 10-25 :

- Come have a yarn with our friendly researchers over a cuppa.
- If you feel comfortable, share your story.

If you are interested in being involved, or would like to know more, please contact:
